STUDY MODULE DESCRIPTION FORM

Profile of study (general academic, practical)

Polish

part-time

(brak)

Subject offered in:

Form of study (full-time,part-time)

Project/seminars:

Faculty of Working Machines and Transportation

- 1. Understands the need and knows the possibilities of lifelong learning, knows the need for acquiring new knowledge for professional development [K1A_K01]
- 2. Is aware of and understands the importance and impact of non-technical aspects of transportation [K1A_K02]
- 3. Is able to cooperate in a group [K1A_K03]
- 4. Is able to act in a professional manner, comply with the rules of professional ethics and respect for cultural diversity [K1A K06]

Assessment methods of study outcomes

Colloquium? test

Course description

Basic notions and sources of the legal information: license, permit, CKZ, work time, the law of road transport, European Agreement concerning the International Carriage of Dangerous Goods by Road - ADR, AETR, the law on work time of drivers, INTERBUS, law on the toll roads, INCOTERMS

The law of road transport: scope, licenses, permits, Main Inspectorate Of Road Transport, exemptions, CKZ, documents, fees Regulations in the passenger transport: INTERBUS: scope, the liability of carriers, the technical specifications for vehicles, access to markets, social rules, customs and tax control documents, release.
