| 1. Can prepare and show a short presentation on the electrical engineering-related task - [K_U08+++]   |  |  |      |  |                             |                                  |  |
|  | 2. Can compare different design solutions in area of basic questions related to the diploma work domain - [K_U12+++] |  |      |  |                             |                                  |  |
| Socia  | al competencies:   |  |      |  |                             |                                  |  |
| 1. Is ready to subordinate to the team work rules and to take responsibility for the team-prepared tasks - [-]   |  |  |      |  |                             |                                  |  |

### Assessment methods of study outcomes

-Assesment of presentations of the specific diploma work elements (results and their analysis, conclusions) on slides.

#### **Course description**

-Presentation of the research results and chosen question analysis, forming the logical conclusions driven from the undertaken investigations and analyses. Construction of the list of publications mined during the diploma work preparation.

# Faculty of Electrical Engineering

#### **Basic bibliography:**

- 1. Author's vademecum and recommendations prepared by Wydawnictwo Politechniki Poznańskiej
- 2. Prawo autorskie. Ustawa z 4 lutego 1994 r. ze zmianami z 2015 r.
- 3. Literature in the field (books, conference proceedings)
- 4. Lexicons, encyclopaedies, technical handbooks
- 5. Polish-English Dictionary

### Additional bibliography:

- 1. Volk W., Statystyka stosowana dla inżynierów, WNT, 1973
- 2. Examples of outstanding diploma works rewarded with price

### Result of average student's workload

| Activity   | Time (working hours) |
|--|----------------------|
| 1. Attending the seminar   | 18                   |
| 2. Discussions with diploma?s promotor                               | 65                   |
| 3. Laboratory experiments and analyses execution                     | 130                  |
| 4. Preparation of work presentation                                  | 10                   |
| 5. Overview and study on the diploma work subject-related literature | 35                   |
| 6. Editorial activities concerning the diploma work                  | 35                   |
| 7. Preparation to the final examination                              | 10                   |
| 8. Diploma examination   | 1                    |

## Student's workload

| Source of workload   | hours | ECTS |
|----------------------|-------|------|
| Total workload       | 304   | 13   |
| Contact hours        | 84    | 4    |
| Practical activities | 175   | 6    |
