

<b>STUDY MODULE DESCRIPTION FORM</b>		
Name of the module/subject <b>Diploma Seminar</b>		Code <b>1011102341011140723</b>
Field of study <b>Engineering Management - Full-time studies -</b>	Profile of study (general academic, practical) <b>general academic</b>	Year /Semester <b>2 / 4</b>
Elective path/specialty <b>Quality Systems and Ergonomics</b>	Subject offered in: <b>Polish</b>	Course (compulsory, elective) <b>obligatory</b>
Cycle of study: <b>Second-cycle studies</b>	Form of study (full-time, part-time) <b>full-time</b>	
No. of hours Lecture: - Classes: - Laboratory: - Project/seminars: <b>30</b>		No. of credits <b>10</b>
Status of the course in the study program (Basic, major, other) <b>other</b>		(university-wide, from another field) <b>university-wide</b>
Education areas and fields of science and art <b>social sciences</b>		ECTS distribution (number and %) <b>10 100%</b>
<b>Responsible for subject / lecturer:</b>  dr hab. inż. Małgorzata Sławińska email: email: małgorzata.slawinska@put.poznan.pl tel. tel. 061 665 35 38 Wydział Inżynierii Zarządzania ul. Strzelecka 11 60-965 Poznań		
<b>Prerequisites in terms of knowledge, skills and social competencies:</b>		
1	<b>Knowledge</b>	Student has a knowledge coherent with the program of studies from the field of engineering management.
2	<b>Skills</b>	Student knows how to prepare multimedia presentations.
3	<b>Social competencies</b>	Student is ready to develop his knowledge and skills. He is opened to a team work.
<b>Assumptions and objectives of the course:</b> The aim of the course is to provide knowledge on correct preparation of a final master thesis.		
<b>Study outcomes and reference to the educational results for a field of study</b>		
<b>Knowledge:</b>		
1. has a deep knowledge in disciplines associated to the realization of the topic of the final thesis - [[K2A_W01]]		
<b>Skills:</b>		
1. Is able to interpret and explain phenomena of management occurring in organizations and related to the topic of the final thesis - [[K2A_U01]]		
2. Knows how to describe phenomena of management occurring in organizations, analyze their causes and assess them properly. - [[K2A_U02, K2A_U03]]		
3. Knows how to dispute topics related to the final thesis, take a critical stance on other views and to defend one's opinion. - [[K2A_U06]]		
4. Is able single-handedly to suggest solutions of problems from the area described in the final thesis. - [[K2A_U07]]		
5. Is able to explain from a theoretical ground and assess managerial phenomena in organizations within the topic of the final thesis. - [[K2A_U08]]		
6. . Is able single-handedly to prepare a correct text of the final master thesis in Polish language and the summary of this text in a foreign language. - [[K2A_U09]]		
7. Is able to demonstrate an oral presentation of the master thesis in Polish and a foreign language, as well as to have a discussion about the thesis in this language. - [[K2A_U10, K2A_U11]]		
<b>Social competencies:</b>		

1. . Is aware of the necessity of complementing the knowledge used in the preparation of the thesis because of the technical and scientific progress. - [[K2A_K01]]
2. Knows how to cooperate with members of working teams in the organization, in which he collects data for the needs of the thesis - [[K2A_K02]]
3. Is able to notice causal conditions in the realization of presented aims and assign them ranks of the gravity of alternative or competitive tasks in the preparation of the master thesis. - [[K2A_K03]]
4. . Is aware of the importance of a professional behavior, the necessity of following rules of professional ethics and respect of the variety of views and cultures in the process of research in the organization for the purpose of preparing a final master thesis. - [[K2A_K04]]
5. Is able to have a substantial discussion with member of the organization in view to the research made for the need of the final thesis. - [[K2A_K05]]
6. Is able to search business inspiration in view to the preparation of the master thesis. - [- [K2A_K07]]

<b>Assessment methods of study outcomes</b>		
Forming assessment ? basing on the participation in the discussion during the presentation of topics of other members of the seminar group.		
Final assessment ? basing on forming assessments and the presentation of the.		
<b>Course description</b>		
The structure of the master thesis. The aim and principles of the preparation. The approach and the methods of leading research, as well as the preparation of the text of the thesis. Major parts of the master thesis and relations between them. Most common mistakes appearing in writing the thesis.		
The presentation prepared by students and the discussion on literature research on the problem presented in the thesis within the seminar group, discussing internal and external conditionings of the functioning of the examined organization, results of the analysis of the solution that is currently applied in the organization, the concept or project for improving the solution fo the presented problem.
