Facult	y of Electrical Ei	ngineering				
		STUDY MODULE D	ESCRIPTION FORM			
Name of the module/subject  Diploma seminar				Code 1010315331010310081		
Field of study  Electrical Engineering			Profile of study (general academic, practical) general academic	Year /Semester	2/2	
		9	Subject offered in:	Course (compulsor	2/3	
Elective path/specialty  High Voltage Engineering			Polish	, ,	obligatory	
Cycle of study:			Form of study (full-time,part-time)			
Second-cycle studies			part-time			
No. of h	ours			No. of credits		
Lectur	e: - Classes	s: - Laboratory: -	Project/seminars:	9 5		
Status o	f the course in the study	program (Basic, major, other)	(university-wide, from another f	ield)		
		other	unive	ersity-wide		
Education	on areas and fields of sci	ence and art		ECTS distribution ( and %)	number	
dr ha ema tel. ( Faci	onsible for subjects. In inches in i	olny, prof. nadzw. ⊵put.poznan.pl ueering				
Prere	quisites in term	s of knowledge, skills an	d social competencies:			
1	Knowledge	Student has the basic knowledge obtained in time of studies on Electrical Engineering field of studies				
2	Skills	Student has the ability to indicate and formulate issue and problem in electrical engineering				
3	Social competencies	Student knows the basic possibilities to acquire knowledge from literature sources				
Assu	mptions and obj	ectives of the course:				
specific	tasks ("title page" pre	posed in the MSc diploma thesis. eparation). Editorial demands of the and recognition of the opportunit	ne thesis. How to carry-out the	research work. Gathe		
	Study outco	mes and reference to the	educational results for	a field of study		

# Knowledge:

- 1. Student recognizes the development trends in the field of his diploma thesis [K\_W04++]
- 2. Student knows the fundamentals of design the measuring systems and equipment in the scope of electric power engineering. - [K\_W15+]

# Skills:

- 1. Student is able to learn the information from technical magazines, books and brochures written in Polish and English -[K\_U01+, K\_U05++,]
- 2. Student can prepare and present a short presentation on target of his thesis [K\_U04++]
- 3. Student is able to asses and suggest solution of the problems and gather the knowledge obtained from different sources -[K\_U15++, K\_U16+, K\_U19]

## Social competencies:

1. Knows the need and meaning of knowledge transfer and its development - [K\_K02+]

#### Assessment methods of study outcomes

Assessment of students activity in the scope of tasks connected with MSc thesis.

Assessment of prepared presentations and elements of his thesis, oral and MM presentation

### **Course description**

# **Faculty of Electrical Engineering**

Presentation of the research results and chosen question analysis, forming the logical conclusions driven from the undertaken investigations and analyses. Construction of the list of publications mined during the diploma work preparation

# Basic bibliography:

- 1. Vademecum autora, Poznan University of Technology publication how to prepare the MSc thesis
- 2. Technical vocabulary Polish-English, English-Polish, other
- 3. Technical literature books, magazines, conference proceedings, lexicones

# Additional bibliography:

1. Exemplary MSc thesis prepared previously

### Result of average student's workload

Activity	Time (working hours)
1. Participation in seminar	9
2. Consultations with supervisor	15
3. Review and study of technical literature dealing with the issue of MSc thesis	50
4. Preparation of laboratory stand, preliminary experiments, results analysis	50
5. Preparation of MM presentation in the scope of carried-out research work	10

# Student's workload

Source of workload	hours	ECTS
Total workload	140	5
Contact hours	50	3
Practical activities	50	2
