

STUDY MODULE DESCRIPTION FORM		
Name of the module/subject German Language		Code 1011104321010910650
Field of study Logistics - Part-time studies - First-cycle	Profile of study (general academic, practical) general academic	Year /Semester 1 / 2
Elective path/specialty -	Subject offered in: Polish	Course (compulsory, elective) elective
Cycle of study: First-cycle studies	Form of study (full-time, part-time) part-time	
No. of hours Lecture: - Classes: 45 Laboratory: - Project/seminars: -		No. of credits 1
Status of the course in the study program (Basic, major, other) other		(university-wide, from another field) university-wide
Education areas and fields of science and art technical sciences Technical sciences		ECTS distribution (number and %) 1 100% 1 100%
Responsible for subject / lecturer: mgr Maja Rakiewicz email: maja.rakiewicz@put.poznan.pl tel. 616652705 Centrum Języków i Komunikacji PP ul. Piotrowo 3a, 60-965 Poznań		
Prerequisites in terms of knowledge, skills and social competencies:		
1	Knowledge	Having language competence corresponding to level B1 according to the description of language proficiency levels (CEFR)
2	Skills	Mastering the grammatical structures and general vocabulary required on a secondary school-leaving examination in the field of productive and receptive skills
3	Social competencies	Ability to work independently and in a team; the ability to use different sources of information
Assumptions and objectives of the course: 1. Bringing students' linguistic competence to the minimum B2 level (CEFR). 2. Developing the skills of effective use of the general academic language and specialist language, appropriate for a given field of study, in the field of four language skills. 3. Improving the ability to work with a technical text on technical topics (familiarizing students with basic translation techniques). 4. Improving the skills of functioning on the international labor market and in everyday life.		
Study outcomes and reference to the educational results for a field of study		
Knowledge: 1. Has knowledge of a foreign language in the field of grammatical structures and general vocabulary as well as vocabulary specific to the direction of logistics - [K1A_W12] 2. Student can explain basic concepts for logistics and its specific issues (inventory management, distribution logistics, production and supply logistics, operation logistics, and environmentalist) and supply chain management - [K1A_W15]		
Skills:		

<p>1. Is able to search on the basis of the subject literature and other sources and in an orderly manner to present information on the problem within logistics and its specific issues (inventory management, distribution logistics, production and supply logistics, operation logistics, environmentalism) and supply chain management - [K1A_U01]</p> <p>2. Is able to present, using appropriately selected measures, the problem within the framework of logistics and its specific issues (inventory management, distribution logistics, production and supply logistics, operation logistics, environmentalism) and supply chain management - [K1A_U02]</p> <p>3. Is able to prepare and present an oral presentation on detailed logistics issues in Polish and a foreign language - [K1A_U04]</p> <p>4. Has language skills appropriate for logistics, in accordance with the requirements set for the B2 level of the European Language Description System - [K1A_U06]</p>
<p>Social competencies:</p> <p>1. Is aware of the need to learn throughout life; to inspire and organize the learning process of other people within the issues covered in the subject studied - [K1A_K01]</p> <p>2. He is eager to cooperate and work in a group to solve problems within the studied subject - [K1A_K03]</p>

Assessment methods of study outcomes		
Forming assessment: current assessment during the course (presentations, colloquia, MT test)		
Summary score: pass		
Course description		
<p>1. Movement of goods</p> <p>2. Storage</p> <p>2. Warehouse equipment</p> <p>3. Computer and other electronic devices</p> <p>4. Logistics and the natural environment</p> <p>5. Analyzing and describing statistics</p>		
Exercise method		
<p>Basic bibliography:</p> <p>1. Janiak, T./Neumann, G./aus der Mark, M.: Meine Logistik. Język niemiecki dla logistyków, Instytut Logistyki i Magazynowania, Poznań 2011</p>
