<b>Assessment methods of study outcomes</b>		

-Formative assessment: Discussion on selected topics, analysis of cultural behaviour		
-Summative assessment: Written test		
<b>Course description</b>		
-Students are given some information on theoretical perspectives that help to explain communication interactions between the members of different groups, cultures and subcultures. Theories about communication and barriers to successful interpersonal communication are presented. Special attention is paid to the topic "Body language". (non-verbal communication in formal context.) Principles and techniques that can be used to improve interpersonal communication and overcome associated problems are shown. Finally, students are acquainted with current professional literature.
