		STUDY MODULE D	ESCRIPTION FORM	1		
	of the module/subject			Code 1010612321010610466		
Field of study Transport			Profile of study (general academic, practical) Year /Semester		emester 1 / 2	
Elective path/specialty Food Transport			Subject offered in: Polish		(compulsory, elective) obligatory	
Cycle of study:			Form of study (full-time,part-time)			
Second-cycle studies			full-time			
No. of h	nours			No. of c	redits	
Lectu	re: - Classe:	s: Laboratory:	Project/seminars:	4	5	
Status	-	program (Basic, major, other)	(university-wide, from another field)			
		(brak)	(brak)			
Education areas and fields of science and art				ECTS di and %)	istribution (number	
techi	nical sciences		5 10	0%		
Technical sciences					5 100%	
tel. Fac	ail: lukasz.semklo@pu 61 665 2213 ulty of Transport Engi Piotrowo 3 60-965 Poz	neering				
Prere	equisites in term	is of knowledge, skills an	d social competencie	es:		
1	Knowledge	Student has a basic knowledge	in the field of his interim project.			
2	Skills	Student is able to use the chose interim project as well.	en text editor and is able to use correctly the language of the			
3	Social competencies	Student is aware of sense and o	gravity of written scientific studies.			
	•	ectives of the course:	according to general valid ru	es.		
	Study outco	mes and reference to the	educational results f	or a field of	study	
Knov	vledge:					
		e required by creating of scientific rledge of rules applied by presenta				
Skills	s:					
1. Accompishment and presentation of written scientific study to the given topic according to applicable rules [K2A_U01, K2A_U03, K2A_U05, K2A_U06, K2A_U10]						
Socia	al competencies:	1				
1. Awareness of necessity to follow the applicable rules while creating a scientific study [K2A_K01 K2A_K08]						

Assessment methods of study outcomes

- 1. Evaluation of the way how the interim project was presented by the community of dean group.
- 2. Content-related, methodological and editorial evaluation of the interim project.

Course description

1. Decision in a matter of exact topic and title of the study (interim project) as well as defining of it?s essential scope, pointing to possible sources of literature, discussing the timetable of interim project?s accomplishment, questions, remarks,

Faculty of Transport Engineering

suggestions.

- 2. Individual discussion with a student about the draft of the project, collected materials, draft acceptance by the lecturer.
- 3. The most important rules by writting of scientifical studies related to study? structure, entry of literature, figures? and tables description, editorial directives etc.
- 4. The most important rules by project presentation.
- 5. Handing over of interim projects and a short presentation of each project by the group.
- 6. Individual discussion about the corrected and evaluated project.
