

COURSE DESCRIPTION CARD - SYLLABUS

Course name

Finances

Course

Field of study

Engineering Management

Area of study (specialization)

EM

Level of study

First-cycle studies

Form of study

full-time

Year/Semester

1/2

Profile of study

Course offered in

polish

Requirements

compulsory

Number of hours

Lecture

30

Laboratory classes

Tutorials

15

Projects/seminars

Other (e.g. online)

Number of credit points

5

Lecturers

Responsible for the course/lecturer:

dr Joanna Małecka

email: joanna.malecka@put.poznan.pl

tel. 616653394

Wydział Inżynierii Zarządzania

ul. J. Rychlewskiego 2, 60-965 Poznań

Responsible for the course/lecturer:

Prerequisites

KNOWLEDGE: The student knows the basic concepts of economics and finance. Has general knowledge about the functioning of the economy and its management. The student is familiar with the administrative structure of the state.

SKILLS: The student has the skills to perceive, associate and interpret phenomena occurring in the economy. Has the ability to perform calculations in the field of mathematical analysis.

SOCIAL COMPETENCES: The student is able to form independent assessments in the field of socio-economic policy, as well as argue his position and defend his opinions. They should show willingness to cooperate within the team.

Course objective

The Students understand the basic mechanisms of the functioning of the financial system in the national economy and its impact on financial decisions taken by individual business entities. Developing students' skills in solving problems and dilemmas arising in the selection of the source of financing.

Course-related learning outcomes

Knowledge

1. Knows the concept of finance and is able to identify financial streams and resources in the economy
2. Is familiar with the basics of monetary policy
3. Is familiar with the basics of fiscal policy
4. Is able to discuss the basic issues related to financial markets

Skills

1. Has the ability to perceive, associate and interpret phenomena occurring in the economy in the field of finance
2. Can assess the impact of policies pursued by the state on interest rate fluctuations
3. Has the ability to find necessary information on macro-scale finance for efficient management of the enterprise
