Faculty of Engineering Management

ul. J. Rychlewskiego 2, 60-965 Poznań

Prerequisites

The student has basic knowledge in the field of microeconomics and finance. Is able to obtain and

EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM (ECTS)

pl. M. Skłodowskiej-Curie 5, 60-965 Poznań

interpret basic data on the economic situation affecting the financial management of an enterprise. Uses knowledge about the company and its team work skills to solve problems related to its functioning in financial terms.

Course objective

The aim of the course is to familiarize students with the process of controlling the company's finances. Students will develop practical skills related to raising capital for the enterprise and its allocation in the company's assets in order to maximize benefits for owners. The aim of the course is also to develop skills in assessing the financial situation of an enterprise based on the analysis of financial statements and assessment of the effectiveness of material investments.

Course-related learning outcomes

Knowledge

- 1. The student knows the rules of managing the company's finances.
- 2. Knows the sources of financing the company's activity (internal and external, own and foreign)
- 3. Has knowledge of the relationship between the structure of capital and the cost of financing
- 4. Knows different working capital management strategies.

Skills

- 1. Student is able to calculate the cost of raising capital by an enterprise from various sources
- 2. Can calculate profitability for single- and multi-range production
- 3. Can calculate the time value of money
- 4. Is able to make effective decisions regarding financial liquidity management and investment decisions.

Social competences

- 1. The student cooperates and actively works in a group, assuming various roles in it
- 2. Participates in the preparation of economic projects taking into acconunt economic and financial aspects
- 3. Thinks and acts in an entrepreneurial manner.

Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

- a) in the scope of exercises: two tests, project prepared in groups (assessment of investment effectiveness), activity during classes (tasks at the board)
- b) in the scope of lectures: final test checking knowledge of the entire course program

EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM (ECTS)

pl. M. Skłodowskiej-Curie 5, 60-965 Poznań
