

COURSE DESCRIPTION CARD - SYLLABUS

Course name

Patent Law

Course

Field of study

Mechanical and Automotive Engineering

Area of study (specialization)

Level of study

First-cycle studies

Form of study

part-time

Year/Semester

1/1

Profile of study

general academic

Course offered in

Polish

Requirements

compulsory

Number of hours

Lecture

9

Laboratory classes

0

Other (e.g. online)

0

Tutorials

Projects/seminars

0

Number of credit points

1

Lecturers

Responsible for the course/lecturer:

dr Janusz Zawadzki

Responsible for the course/lecturer:

email: janusz.zawadzki@put.poznan.pl

tel. 692433553

Wydział Inżynierii Zarządzania

Prerequisites

Knowledge: Basic knowledge of economics, management and law

Skills: Has the ability to perceive, associate and interpret phenomena occurring in the economy and law

Social competences: Understands the need and knows the possibilities of continuous training

Course objective

Providing basic knowledge on the area of intellectual property protection in the market economy of Poland and the European Union

Course-related learning outcomes

Knowledge

Has extended basic knowledge necessary to understand specialist subjects and specialist knowledge about the construction, construction methods, manufacturing and operation of a selected group of working, transport, thermal and flow machines covered by the diploma path.

Has elementary knowledge of the life cycle of machinery, recycling of machine elements and construction and consumables.

Has elementary knowledge of law, in particular security, copyright and security law industrial property and its influence on the development of technology.

Skills

Can use the experience gained in an environment professionally involved in engineering activities related to the maintenance of devices, facilities and systems typical for the field of study.

Can organize and substantively manage the process of designing and operating a simple machine from a group of machines from the group covered by the selected diploma path.

Has the ability to self-educate with the use of modern teaching tools, such as remote lectures, websites and databases, teaching programs, e-books.

Social competences

Is ready to fulfill social obligations and co-organize activities for the benefit of the social environment.

Is ready to initiate actions for the public interest.

Is willing to think and act in an entrepreneurial manner.
