Course-related learning outcomes

Knowledge

1. Knows the technique of the activity performed in a specific sports discipline - [-]
2. Knows the rules of following the accepted rules of the game and competition - [-]
3. Explains the rules and rules of the game, summarize the competition, develop a simple tournament table - [-]

Skills

1. Can design a mini tournament in team games or table tennis or tennis. Conduct a rowing ergometer competition, perform an aerobic dance routine with a group, ride a spinning bike to the rhythm of music, - [-]
2. Can use his knowledge in practice in various sports disciplines - [-]
3. Can cooperate with a team partner, judge, organizer or participant in sports competition - [-]
4. Can find and apply the best solutions for the team to win according to fair-play rules - [-]
5. He is able to recognize the way and tactics of the rival's game, e.g. whether the rivals are each defending their own or the zone - [-]

Social competences

1. The student should be aware of the need for movement and physical activity - [-]
2. Should be responsible for decisions and actions taken, responsible for teammates - [-]
3. Should be willing to help both on the pitch and in everyday life - [-]
4. He should be sensitive to injustice, harm, he should act in accordance with the applicable rules - [-]
5. He should be sensitive to personal hygiene in himself and his classmates - [-]

Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

Basketball: 5-wheel test, mini-tournaments.

Volleyball: Duo bounce test, 3 bounce attack, mini tournaments.

Football: Football test, mini tournaments.

Table tennis, tennis and squash: singles and doubles tournament

Strength sports: bench press, pull-ups, mm abdominal exercises.

Swimming: Test swimming in a specific style against the clock.

Functional training - planning training for yourself and those exercising,

Aerobics, spinning: development and performance of a training system with music

Student rowing ergometer can swim on a technically correct time

Climbing tournament

Programme content

Basketball: Improving running and jumping throws, learning feints with throw and passing, learning 5x0 positional attack, learning to play in a 2x1, 3x2, 4x3 advantage.

Volleyball: Perfect to hit the ball in pairs, attack and defense with a single block, learning how to play a swing attack, learning to play with a double and triple block.

Soccer: Perfecting pass and go games, learning zone defense, perfecting games in the upper hand, small games.

Swimming: Learn to swim in the correct style: crawl, backstroke, breaststroke, dolphin with butterfly footwork.

Tennis, table tennis and squash: Improving the hitting the ball with forehand and backhand, taking into account the correct work of the legs, learning to play semi-volley.

Rowing ergometer learning the technique of swimming, training aimed at improving endurance and speed.

Spinning, learning the driving technique, training aimed at improving endurance, fitness and weight reduction.

Aerobics learning about new steps and choreographies and using them in practice,

Strength sports acquiring knowledge about the human movement apparatus, exercises for individual muscle groups and the method of constructing strength training.

Teaching methods

Exercises: specialized exercises

Bibliography

Basic

1. Rules for volleyball 2010, basketball 2011, floorball 2008, football 2005, rules for playing tennis, tennis, squash,

Additional

1. Specialized press dealing with games in specific sports (probasket, volleyball, football), basics of tennis, etc.

Breakdown of average student's workload

	Hours	ECTS
Total workload	15	
Classes requiring direct contact with the teacher	15	
Student's own work (literature studies, preparation for laboratory classes/tutorials, preparation for tests/exam, project preparation) ¹		

¹ delete or add other activities as appropriate
