

## COURSE DESCRIPTION CARD - SYLLABUS

Course name

Inżynieria oprogramowania - Software Engineering

### Course

Field of study

Teleinformatics

Year/Semester

3/6

Area of study (specialization)

Profile of study

general academic

Level of study

first-cycle studies

Course offered in

Polish

Form of study

full-time

Requirements

compulsory

### Number of hours

Lecture

30

Laboratory classes

0

Other (e.g. online)

Tutorials

0

Projects/seminars

30/0

### Number of credit points

5

### Lecturers

Responsible for the course/lecturer:

Responsible for the course/lecturer:

dr inż. Adam Wojciechowski

### Prerequisites

### Course objective

[Red dashed box for course information]

**Course-related learning outcomes**

Knowledge

[Red dashed box for knowledge outcomes]

Skills

[Red dashed box for skills outcomes]

Social competences

[Red dashed box for social competences outcomes]

**Methods for verifying learning outcomes and assessment criteria**

Learning outcomes presented above are verified as follows:

[Red dashed box for verification methods]

**Programme content**

[Red dashed box for programme content]

**Teaching methods**

[Red dashed box for teaching methods]

**Bibliography**

Basic

[Red dashed box for basic bibliography]

Additional

[Red dashed box for additional bibliography]

**Breakdown of average student's workload**

	Hours	ECTS
Total workload	120	5.0
Classes requiring direct contact with the teacher	64	3.0

	Hours	ECTS
Student's own work (project preparation, preparation for exam, literature studies)	56	2.0
