Center for Languages and	Communication			
Piotrowo 3a, 60-965 Pozn	ań			
Prerequisites				
The already acquired lang	uage competence compat	ible with leve	el B1 (CEFR)	

The ability to use vocabulary and grammatical structures required on the high school graduation exam with regard to productive and receptive skills

The ability to work individually and in a group; the ability to use various sources of information and reference works.

## **Course objective**

Advancing students' language competence towards at least level B2 (CEFR).

# POZNAN UNIVERSITY OF TECHNOLOGY

EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM (ECTS) pl. M. Skłodowskiej-Curie 5, 60-965 Poznań

Development of the ability to use academic and field specific language effectively in both receptive and productive language skills.

Improving the ability to understand field specific texts (familiarizing students with basic translation techniques).

Improving the ability to function effectively on an international market and on a daily basis.

## **Course-related learning outcomes**

#### Knowledge

As a result of the course, the student ought to acquire field specific vocabulary related to the following issues:

- materials

and to be able to define and explain associated terms, phenomena and processes.

#### Skills

As a result of the course, the student is able to:

- give a talk on field specific or popular science topic (in German), and discuss general and field specific issues using an appropriate linguistic and grammatical repertoire,

- express basic mathematical formulas and to interpret data presented on graphs/diagrams,

- formulate a text in German where he/she explains/describes a selected field specific topic.

## Social competences

As a result of the course, the student is able to communicate effectively in a field specific/professional area, and to give a successful presentation in German.

The student is able to recognize and understand cultural differences in a professional and private conversation, and in a different cultural environment.

#### Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows: Formative assessment: tests during academic year (written and oral)

Summative assessment: credit

## Programme content

- Describing and analyzing statistics and mathematical operations.
- Classification of materials, material properties

#### **Teaching methods**

# POZNAN UNIVERSITY OF TECHNOLOGY
