Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

The methods of verifying learning outcomes and course completion are specified in the Regulamin studenckich praktyk zawodowych at Poznań University of Technology and Regulamin praktyk zawodowych dla studentów studiów stacjonarnych the Faculty of Architecture at the Poznań University of Technology. To pass, the student must fully meet the objectives and learning outcomes of the subject.

Grading scale: failed/ passed

Programme content

Student office practices serve the architectural education of future interior designers by improving and supplementing practical skills acquired during academic classes.

Course topics

During the internship, students learn to assess the usefulness of methods and tools for solving simple design tasks, design an interior or its fragment, and prepare elements of interior design documentation at appropriate scales, working with members of the design team.
