0

Other (e.g. online)

0

Tutorials

0

Projects/seminars

0

### Number of credit points

1,00

### Coordinators

dr inż. Magdalena Graczyk-Kucharska

magdalena.graczyk-kucharska@put.poznan.pl

### Lecturers

### Prerequisites

The student has basic knowledge about the place and importance of marketing in the science system, in the economy and in the enterprise; knows the basic terminology and scope of marketing; knows and understands basic marketing activities, methods and instruments; has basic knowledge of market aspects of marketing

### Course objective

The aim of the course is to acquire knowledge, skills and competences in the field of concepts, issues, regularities and methods of solving international marketing problems.

### Course-related learning outcomes

Knowledge:

The student defines various information process models used in marketing strategies, taking into account cultural and market diversity [P7S\_WG\_02].

The student lists and describes global management trends and their impact on international marketing, including product and service adaptation [P7S\_WG\_04].

The student classifies marketing strategies and organizational structures in global business networks,

taking into account their various business models [P7S\_WG\_06].

The student characterizes data on consumer behavior in international markets, using research methods to explain market trends [P7S\_WG\_07].

#### Skills:

The student develops marketing campaigns, using the analysis of socio-cultural factors and their impact on marketing strategies [P7S\_UW\_01].

The student evaluates the effectiveness of various marketing strategies in different international contexts, using critical analysis methodology [P7S\_UW\_03].

The student adapts marketing strategies to global economic trends and changing market conditions [P7S\_UW\_06].

The student applies international standards and regulations in designing marketing campaigns, taking into account legal and ethical requirements [P7S\_UW\_08].

#### Social competences:

The student demonstrates the ability to solve marketing problems in a global context, combining knowledge from different fields [P7S\_KK\_01].

The student plans and manages marketing projects, adapting them to the requirements of an international clientele [P7S\_KO\_01].

The student initiates and implements marketing projects, responding to the challenges of globalization and cultural diversity [P7S\_KO\_02].

The student analyzes and evaluates different cultural and ethical perspectives in the international business environment, applying this knowledge to global marketing [P7S\_KR\_01].

### Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

The knowledge acquired during the lecture is verified in the form of a partial assessment carried out by 30-minute test during the third lecture and a 60-minute test during the last lecture. The 30-minute test consists of 10-15 questions (test and open-ended), and the 60-minute test consists of 20-30 questions (multi-test and open-ended), each question scored from 0 to 1. Passing threshold: 50% of the points. Passing issues on the basis of which the questions are developed will be sent to students by e-mail using the university's e-mail system.
