#### **POZNAN UNIVERSITY OF TECHNOLOGY**

EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM (ECTS)

### COURSE DESCRIPTION CARD - SYLLABUS

Course name Mobile work machines [N2Mech1-PMMP>MMR]

| Course  |                        |                                   |                          |  |  |
|---|------------------------|-----------------------------------|--------------------------|--|--|
| Field of study  |                        | Year/Semester                     |                          |  |  |
| Mechatronics  |                        | 2/3                               |                          |  |  |
| Area of study (specialization)<br>Mechatronic Design of Machines ar   | nd Vehicles            | Profile of study general academic | 2                        |  |  |
| Level of study<br>second-cycle  |                        | Course offered in<br>Polish       |                          |  |  |
| Form of study<br>part-time  |                        | Requirements<br>elective          |                          |  |  |
| Number of hours   |                        |                                   |                          |  |  |
| Lecture<br>10   | Laboratory classe<br>0 | 2S                                | Other (e.g. online)<br>0 |  |  |
| Tutorials<br>0  | Projects/seminars<br>8 | 6                                 |                          |  |  |
| Number of credit points 2,00  |                        |                                   |                          |  |  |
| Coordinators  |                        | Lecturers                         |                          |  |  |
| Prerequisites<br>none   |                        |                                   |                          |  |  |
| Course objective<br>none  |                        |                                   |                          |  |  |
| Course-related learning outcomes<br>none  |                        |                                   |                          |  |  |
| Methods for verifying learning outcomes and assessment criteria<br>Learning outcomes presented above are verified as follows:<br>none |                        |                                   |                          |  |  |
| Programme content<br>none   |                        |                                   |                          |  |  |
| Course topics   |                        |                                   |                          |  |  |

# Teaching methods

## Bibliography

none

## Breakdown of average student's workload

|  | Hours | ECTS |
|--|-------|------|
| Total workload   |       |      |
| Classes requiring direct contact with the teacher  |       |      |
| Student's own work (literature studies, preparation for laboratory classes/<br>tutorials, preparation for tests/exam, project preparation) |       |      |
