

## COURSE DESCRIPTION CARD - SYLLABUS

Course name

Freight Forwarding [S2Trans1-TrD>SPED]

### Course

Field of study

Transport

Year/Semester

1/2

Area of study (specialization)

Road Transport

Profile of study

general academic

Level of study

second-cycle

Course offered in

Polish

Form of study

full-time

Requirements

compulsory

### Number of hours

Lecture

15

Laboratory classes

0

Other (e.g. online)

0

Tutorials

0

Projects/seminars

0

### Number of credit points

1,00

### Coordinators

dr inż. Paweł Zmuda-Trzebiatowski

pawel.zmuda-trzebiatowski@put.poznan.pl

### Lecturers

### Prerequisites

Knowledge: The student has a basic knowledge of the functioning of the transport company Skills: TThe student is able to integrate the information obtained, make their interpretation, draw conclusions, formulate justify opinions, has the ability to see, associate and interpret phenomena occurring in the management of organizations Social competencies: The student is aware of the importance and understands the non-technical aspects and effects of transport activities; the student is able to cooperate with the group

### Course objective

To acquaint students with the essence of forwarding and to develop skills allowing for organization of domestic, intra-community and international transport

### Course-related learning outcomes

Knowledge:

1. knows the economic, legal and other conditions of transport companies
2. has basic knowledge of management / running a business and individual entrepreneurship

Skills:

1. can acquire information from literature, databases and other sources (in Polish and English), integrate them, make their interpretation and critical evaluation, draw conclusions and formulate and fully justify opinions
