### POZNAN UNIVERSITY OF TECHNOLOGY

EUROPEAN CREDIT TRANSFER AND ACCUMULATION SYSTEM (ECTS)

## **COURSE DESCRIPTION CARD - SYLLABUS**

Course name

English - ESP [S2MiBP1-PSz>JAS]

Course

Field of study Year/Semester

Mechanical and Automotive Engineering 1/2

Area of study (specialization) Profile of study

Railway Vehicles general academic

Course offered in Level of study

second-cycle **English** 

Form of study Requirements

full-time elective

Number of hours

Lecture Laboratory classes Other 0

0

**Tutorials** Projects/seminars

15

Number of credit points

1,00

Coordinators Lecturers

mgr Izabela Cichocka izabela.cichocka@put.poznan.pl

# **Prerequisites**

Having language competence corresponding to the B2 level according to the description of the levels of proficiency language (CEFR). Mastering the grammatical structures and general and technical vocabulary required for I. degree of study. Ability to work independently and in a team; ability to use various sources of information.

#### Course objective

Improving the skills of effective use of general academic language and language specialist, appropriate for a given field of study, in terms of four language skills. Improving the ability to function on the international labor market and in life everyday.

### Course-related learning outcomes

Knowledge:

Has extensive knowledge of selected departments of technical mechanics related to the selected specialization.

Has a general knowledge of the types of research and methods of testing working machines with the use of modern measurement techniques and data acquisition.

He knows the main development trends in the field of mechanical engineering.

#### Skills:

Can communicate on specialist topics with a diverse audience.

Can use the international language in contacts with specialists in his field of study at the B2 + level. Can write a technical and scientific study in a foreign language on the basis of literature and other sources of information, including internet sources, and present an oral presentation.

#### Social competences:

He is ready to critically assess his knowledge and received content.

Is ready to recognize the importance of knowledge in solving cognitive and practical problems and to consult experts in case of difficulties in solving the problem on its own.

It is ready to fulfill social obligations, inspire and organize activities for the benefit of the social environment.

## Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

Learning outcomes presented above are verified as follows:

Grades for 3-4 presentations. Preparation for tutorials and active participation influence the final grade.

## Programme content

Developing communication skills in academic, business and situations social. Improving linguistic competence with particular emphasis on vocabulary general job description and job-related specialist vocabulary engineering and product description. Mastering the grammatical structures consistent with the syllabus on the level B2.

## **Course topics**

Professional career - recruitment/applying for a job/education and training/main resposibilities/types of work/ nature of work; engineering thesis - discussion; product description- features and functions/specification/ advantages.

## **Teaching methods**

Classes

### **Bibliography**

Basic

Mascull, B. 2010. Business Vocabulary in Use Intermediate. Cambridge: Cambridge University Press. Additional
